## FROM VISION TO ACTION: Alliance4Lifes Path To Closing the R&I Gap

Ester Jarour, CEITEC Masaryk University, Alliance4Life, ester.jarour@ceitec.muni.cz

2018 2019

- Supported by 945 000 EUR from Horizon 2020
- 10 institutions from 9 widening countries (EU13)
- Focus: benchmarking, sharing and piloting good practices, development of institutional strategies

Alliance4Life Sciences

2019

- 4th October 2019 founding members formalized the existence of the Alliance4Life
- Our mission: to support and strengthen European research excellence and the impact of scientific research on society, human health, and quality of life

**Memorandum of Understanding** 

- Supported by 1 999 000 EUR from Horizon Europe
- 12 institutions from 11 widening countries (EU13)
- Focus: Implementing successfully piloted good practices into actions

A4L\_ACTIONS

2021-

2024

- Supported by 4 722 788 EUR from Horizon Europe
- 12 institutions from 11 widening countries (EU13)
- Focus: Research excellence through the modernisation of careers, research and innovation collaborations and stakeholders' engagement

A4L\_BRIDGE

2024-2028

## **Our Actions:**

- We build a culture that nurtures excellence
- We use international scientific evaluation as a management tool
- We professionalize research management and administration
- We utilise the potential of ESIF-funded research infrastructures
- We design training courses for research managers and ESR
- We create favourable conditions for the translation of research results
- We influence science policy on the National and EU level
- We enable spillover of best practices to the national research systems

## **Our Focus Groups:**

- Science Evaluation (FG1)
- Research Ethics & Integrity (FG2)
- Human Resources & Mobility (FG3)
- Grants and Research Funding (FG4)
- Core Facilities (FG5)
- Knowledge and Technology Transfer (FG6)
- Science Communication (FG7)
- Data (FG8)

We are driving positive change across the CEE research landscape through systematic improvement and knowledge sharing!
